Summary

Hi. I am a Web Developer. I graduated from the University of South Asia, Lahore. I am a fast learner, highly flexible, and can work under pressure, A motivated Computer Engineer eager to start my career in Web development. With a solid understanding of programming languages such as HTML, CSS, SASS, and REACTJS. With a strong work ethic, positive attitude, and willingness to learn, I am excited to contribute to a team and grow professionally.

I am highly skilled in these technologies:

- HTML5,
- CSS3,
- Sass,
- Bootstrap / Tailwind CSS / Material UI,
- Javascript,
- ReactJs
